Dear Mr Ferguson

I can clarify that I advised the Neighbourhood Plan Group that if they wished to, as part of the Local Plan Main Modifications consultation, they could highlight as part of their representations to the Inspector that the Neighbourhood Plan Group has a site before them that they are currently considering for allocation within the Neighbourhood Plan that currently lies within the Green Gap allocated in the Local Plan.

Note: Should this site come forward at present it obviously lies within the Green Gap which would mean it would not be in conformity with the Local Plan.

If you have any further queries on this issue, please call me

Karen Britton
