

From: Pheasantscroft
Subject: Letter for the Inspector, Mr Moore
Date: 11 May 2017 at 16:13:00 BST
To: Angela Furlong
Cc: Karen Britton
Philip Wicker

Dear Angela,

In the light of the response below from Karen Britton to Philip Wicker, Clerk to Bridge Parish Council, I wish to make it clear to the Inspector that my letter dated 24th April could not represent the views of Bridge Parish Council who had not previously discussed the matter.

Therefore, should it have been incorrectly understood by the Inspector either that the letter was written by me in the role of Bridge Parish Chairman, or that the letter was previously approved by Bridge Parish Council, I write, as is permitted according to Karen's note below, to correct that factual error.

Yours sincerely,

Alan Atkinson

From:Karen Britton
To:Philip Wicker, CCC Programme Officer
CC:Lisa Gadd

Dear Philip

I can advise that the Examination remains open until the Inspector gives us his final report.

Below for your reference is an extract from the Planning Inspectorate guidance on Examination procedures which sets out this matter.

5.31. The examination remains open while the Inspector is writing the report and if necessary the Inspector may hold further sessions during the reporting period. This would only occur if absolutely necessary, for example, where a fundamental soundness issue has not been resolved or a hearing is necessary exceptionally on a representation made on a proposed MM. Unless specifically requested by the Inspector, no further correspondence or representations should be submitted during this stage of the examination.

It highlights that no correspondence should be submitted, however if there is a factual error in any information that has been submitted, which you wish to point out

to the Inspector before he finalises his Report, then you can contact the Programme Officer, Angela Furlong (cc'd in my email) so that she can then raise this with the Inspector (he will then decide if he wishes to accept this new information at this stage or not).

Any further queries, please let me know.

Regards

Karen Britton
